

## A Superintendent's Say.

Jim Scullin, who a few years ago ran a passenger train on the M., K. & T., and now a St. Louis street car superintendent, is thus quoted in Sunday's Globe Democrat:

There is a great deal of exaggeration in this talk about the watches worn by the passengers on the electric cars getting out of order. I have heard very few complaints. The fact is, very few watches are worn nowadays that are not magnetized. This is done cheaply by inserting a balance spring made of the new non-magnetic metal, paladium. An interesting fact in the running of electric railways has developed, and that is the expense of furnishing the necessary electric power varies with the temperature, the loss of the electric force being greater or less in the ratio that the temperature is high or low. Some of the very hot afternoons of the past week have cost us a great deal of money.

## RODMAN'S REMARKS.

## A Kansas City "Boomer" Has Many Complimentary Words for Sedalia.

Mr. H. J. Rodman, one of the many hustlers from Kansas City, dropped into Sedalia to-day on business, when the BAZOO caught his ear for a moment.

He is well known in this city and throughout the west and has made the growth and prospective prosperity of towns a study. Being asked how Sedalia appeared, he replied:

"I have been in this city off and on for the past twelve years, but this brief view demonstrates that hard times are not among you.

"The fact of letting contracts for street paving and public work demonstrates that the taxpayer is in a position to stand it, and that the town has grown up to that point and that such demands must be met. It is the first sign of positive and permanent prosperity.

"How do the indications strike me? Why, bless you, a town that can in a few months pave miles of streets, put in thousands of feet of sewers, plant trees, erect buildings off of the main streets and put into successful operation an electric motor car line to afford quick and rapid transportation for its own and the growing population, needs no particular commendation at my hands, for the least observing should admit by those car marks of grit that the reputation which Sedalia has always borne, as Missouri's greatest inland city, has been loyally sustained.

There is one point, however, that these good people must make up their minds to do, and that is to support, maintain and patronize your home manufactures. No matter how great your wholesale or jobbing business may be, the fresh blood is only brought into contact with the commercial pulsation by locating new industrial enterprises, see that they are supported, which will enable them to employ dozens of skilled laborers, where but a few now do the work. Smoke rolling up from scores of stacks are brisk fingers which point to the investor, capitalist and homeseeker where his opportunity lies. You are on the right road. Grit, greenbacks and gumption build a town, and it looks to me as if you had them here."

## The Great Spring Medicine.

## The Blood is the Life.

GENTLEMEN: I have been troubled with bad blood for some years, but recently purchased two bottles of Hibbard's Rheumatic Syrup, which has entirely cured me. As a blood purifier it has no equal, and I also take pleasure in recommending it as a tonic, alterative and reliable rheumatic remedy.

Very truly yours,  
S. E. FERGUSON, Eaton Rapids, Mich.  
The is to certify that we know Mr. Ferguson, and believe the statement made by him to be true. We unhesitatingly recommend this remedy as we believe it to be the greatest family medicine on our shelves.

## Looking Backward

Indianapolis, August 4. Pof. McAvoy, this city, has returned from a geological hunt through Virginia, where he made an interesting discovery regarding the President's ancestry. He visited the old Harrison homestead, and while rambling over the farm, now owned by Mr. Hughes, he found a tombstone on which was inscribed: "Honorable Nathaniel Harrison, son of Benjamin Harrison, died 1727." The stone was broken and the grave was in bad condition. The deceased was one of the President's ancestors, who died two generations before the Declaration signer.

## COUNTY COURT.

## Dramshop Licenses Issued—The Court House Walk Costs Over \$5,000.

County court met at 9 o'clock this morning, with all the judges present. Dramshop licenses were issued to Frank Keli, of Osage street, and W. F. Norton, of East Sedalia.

A number of warrants were ordered drawn for different purposes, and entries were made in several road cases. An order was made for the state auditor to draw Pettis county's portion of the state school fund, amounting to \$9,428.90.

A special tax bill of \$227.43, for the construction of the court house sewer, was ordered paid.

Two school loans were made, one of \$1,500 to James Vaughn and the other \$450 to E. G. White, of Green Ridge.

This afternoon Dr. Shannon will present to the court his bill for laying the court house walk, which, with extras, will be in the neighborhood of \$5,200.

The following business was transacted after the BAZOO went to press yesterday:

C. C. Wood and others presented a petition asking for a bridge over Muddy Creek, in section 3, township 45, range 23. The petition was read and the case continued until the September term.

J. C. Johnson, road and bridge commissioner, was authorized to contract for the building of a wooden bridge in section 2, township 47, range 23.

Criminal fee bills to the amount of \$506.80 were presented by Circuit Clerk Fowler, and allowed.

Chris Hye, treasurer, presented court house bonds, Nos. 56 and 57, for \$500 each, for cancellation; also coupons amounting to \$24.35. The bonds and coupons were cancelled and the treasurer given credit therefore.

## Sue for Divorce.

Cyrus Otto, by his attorney, W. A. Fast, to-day filed suit in the Pettis county circuit court to be divorced from Belle Otto. The couple were married at Wooster, Ohio, May 3rd, 1877, and lived together until April 3rd, 1889. When Belle deserted plaintiff and has since absented herself.

The petition alleges that Belle has been guilty of adultery with many persons to enumerate, and in addition has conducted houses of prostitution in Lamar and Webb city.

One child, a daughter, Olive Genette Otto, was born of the union and is now nine years of age. The plaintiff asks the custody of the little girl.

## The Work of a Vandal.

An unknown vandal placed a stick of wood in the frog of the electric railway switch at Twenty-fourth and Ohio streets, last night, and in consequence car No. 9 was derailed. The accident occurred about 9:30 o'clock, and it became necessary to send to town for jacks to get the car back on the rails. It was nearly midnight when traffic was resumed.

## Home From the Holy Land.

Joseph G. White and wife, who left Sedalia last February for a tour of the Holy Land, in company with Dr. Hays' Kansas City party, returned this afternoon and were given a cordial reception by their numerous friends. Mr. and Mrs. White arrived in New York a month or so ago, and since that time have been visiting relatives in Ohio, Indiana and Illinois. They are enjoying excellent health, the trip having agreed with them in every particular.

## A Demented Stranger.

George A. Robinson, who is demented, to say the least, made application to Mayor Stevens to-day for transportation to St. Louis. Robinson was sent here from Kansas City and is anxious to reach St. Louis, from which city he will proceed to Cincinnati, where his wife and daughter reside. The man has slept in the depot since his arrival here, and looks like he is half starved. Mayor Stevens was unable to comply with the request for financial aid.

## The "Bazoo" Passes

The BAZOO is always willing to advise its friends, but it draws the line on the following:

Editor BAZOO:—Some time ago I met a young lady who is engaged to a young man out of the city. I have been thrown in her society more or less since, and have fallen in love with her. Under the circumstances I try to avoid her and not to think of it, but I can't do so. I am 24 years of age, and old enough to know better than to fall in love with an engaged girl. What would you advise me to do—tell her or not?  
A. P.  
The BAZOO passes. Inquire of Capt. Bynum, of the Salvation Army.

## John Paul, the Suspect.

The old man, arrested by Sheriff Smith on Sunday on the charge of vagrancy, a full account of which was published in Monday's BAZOO, had a hearing in Justice Fisher's court this morning. He said his name was John Paul. He gave a rambling account of himself, and after he made his statement he was closely cross-examined by Justice Fisher but the old man shrewdly avoided trapping himself. He said he had, at one time, been confined in a lunatic asylum at Olympia, Wash., but had been cured. His mission, now, he claimed, was to hunt down a man who had set fire to and burned a building at Monticello, Illinois. When asked if he had any authority to arrest his man if he found him, he replied that he had, that his authority was greater than any in this state and was from God. Paul was fined \$20 and costs and sent back to jail.

It is the opinion of a number of persons who have conversed with Paul that he is playing a part and that he is a fugitive from justice. A few, however, are inclined to think he is but a few steps removed from insanity. Justice Fisher says he thinks the man is wanted somewhere for a crime committed and classes him as a dangerous man. Sheriff Smith is undecided as to what the mental condition of the man is.

## Canvassed the Returns

The democratic county central committee met at the court house this morning and canvassed the returns of last Saturday's primaries, the result of which will be found in this afternoon's BAZOO, in tabulated form.

The task completed, a discussion arose as what disposition should be made of the funds left over from the assessment of candidates, but no action was taken. Mr. Jackson thought it would be a good idea to use the money in holding two or three love feasts in the country, but no one was prepared to second his suggestion.

Mr. Hoffman, of Longwood, was of the opinion that the surplus might be distributed among the judges and clerks who served last Saturday without pay, but again there was no second.

The business in hand being disposed of, the committee adjourned to meet on Saturday, the 16th inst., in company with the members-elect, when an organization will be effected. The candidates are also requested to be present at that time.

## He Indulges in Immoral Practices at Tipton and Gets Four Months in Jail.

About two months ago a colored man, calling himself Dr. Ollie Love, visited Tipton, professing to be a corn doctor and to cure rheumatism by mesmeric treatment. He soon proved himself a fraud. After being there about a month he proposed to some young men to write them prescriptions to use for immoral purposes. They asked him to go to the drug store and get it for them. He complied, but on trying to purchase the drug the druggist declined to sell it to him. The druggist promptly reported the matter to the authorities, but he had disappeared. He returned to Tipton Monday evening and was promptly arrested and tried yesterday by a jury in Justice Schearer's court. He was found guilty of practicing medicine without a certificate and of attempting to buy drugs for immoral purposes, and was given four months in the county jail. Since the trial word has come from Clarksburg, a village six miles east of Tipton, that he was run out of there Monday evening on account of his conduct, and some threatened to shoot him if he ever came back.

## A CLEVER CAPTURE.

## A Quartette of Thieves Engaged in Stealing Wheat Came to Grief To-day.

From Conductor Jim Merrifield, who passed east in charge of Missouri Pacific train No. 6 this forenoon, the BAZOO learned of the arrest of a quartette of wheat thieves at Centertown, Johnson county, last night.

Two of the prisoners are "colored gentlemen," Mr. Merrifield says, and the other two are "poor white trash." For several days past the quartette have been following in the wake of the thrashers of Johnson county, with a wagon, and at night, while the thrashers were sleeping the sleep of the innocent, the trailers would swoop down upon a lot of wheat that had been thrashed and drive off with a wagon load of it, which would be disposed of the following morning at Pleasant Hill.

It was several days before a clue was obtained, and hundreds of bushels of wheat had been disposed of in the meantime, but last night the party came to grief and all are now in custody.
